BONUS CRAPS

Bonus Craps is a set of three additional proposition bets. These three wagers are known as:

ALL SMALL: Make your bet at the beginning of the roll. Roll all numbers (2, 3, 4, 5, 6) before rolling a 7 and win 34 to 1.

ALL TALL: Same side bet and same odds as All Small, except the bet is if the 8, 9, 10, 11 and 12 will be rolled before a 7.

MAKE 'EM ALL: All the numbers, BUT 7, will be rolled before a 7 (pays 175 to 1).

You may make one or more of these wagers only after a 7 rolls and only on the come out roll. Each number is printed on the layout and is covered with a lammer when that number is rolled.

When all the numbers are covered for a particular wager, that wager is considered a winner.

The wagers are then paid and the bets are taken down. All wagers lose when a 7 is rolled.
